Computer Science student at ENPU — Class of 2027 — Passionate about full-stack development and problem-solving.

Summary

Computer Science Student at ENPU (Class of 2027) with a strong foundation in programming (C++, Python, JavaScript), web development (HTML, CSS, React.js), and version control (Git, GitHub). Passionate about full-stack development, problem-solving, and creating responsive user-friendly web applications. Actively seeking internship opportunities to apply technical skills in real-world projects and grow as a software engineer. Regular participant in competitive programming contests such as ACPC to strengthen algorithmic thinking, collaboration, and coding efficiency.

Education

East Port Said University (ENPU) Expected Graduation: 2027
Bachelor's Degree in Computer Science

Technical Skills

Programming Languages: C++, Python, JavaScript
Web Development: HTML5, CSS3, React.js, Node.js
Databases: MySQL, MongoDB
Tools & Platforms: Git, GitHub, VS Code, Figma
Operating Systems: Windows, Linux
Other Skills: Data Structures, Algorithms, Problem Solving, Software Development, Object-Oriented Programming

Experience

Computer Science Student October 2024 – June 2027
Faculty of Computers and Information, East Port Said, Egypt

- Developed programming projects using C++ and Python.
- Participated in team-based software development assignments.
- Applied object-oriented programming principles to solve real-world problems.
- Learned data structures, algorithms, and time management.

Projects

Quote Generator Web App Remote / GitHub
Frontend Developer

- Technologies: React.js, HTML, CSS, JavaScript, LocalStorage, Git/GitHub.

E-Commerce Website Remote / GitHub
Full-Stack Developer

- Technologies: React.js, Node.js, Express.js, MongoDB, RESTful APIs, CSS, Git/GitHub.

Personal Portfolio Website Remote / GitHub
Frontend Developer

– Technologies: React.js, Tailwind CSS, Git/GitHub.

To-Do List Web App Remote / GitHub

Frontend Developer

– Technologies: React.js, HTML, CSS, JavaScript, LocalStorage, Git/GitHub.

Activities & Competitions

– Regular participant in the ACPC (Africa and Arab Collegiate Programming Contest) and university-level competitive programming contests.

Certifications & Licenses

– Certificate Of Completion JavaScript Fundamental To Advanced
– Certificate of Achievement (2025 ICPC ECPC Qualifications Collegiate Programming Contest Day 7)
– Information Technology Industry Development Agency, ITIDA InnovEgypt Program – Certificate of Completion
– Cybersecurity Foundations
– Mobile Development By Flutter
– Python Programming for Beginners: Learn Python from Scratch (Master Data Analysis, Step-by-Step with Practice Exercises)

Languages

Languages: Arabic (Native) | English (Upper Intermediate - B2)
