# HANIN TAREK ELSAYED

Full Stack Developer | Software Engineering | Computer Science Student
Cairo, Egypt • +20 112 577 4334 • hanintorek222@gmail.com
LinkedIn • GitHub • Portfolio

## PROFESSIONAL SUMMARY

Computer Science student at East Port Said National University (EPU) with academic and project-based experience in full-stack and backend development, software engineering, and database design using React.js, Node.js, Express.js, Java, SQL Server, and PostgreSQL. Skilled in building RESTful APIs, CRUD operations, and layered, scalable architectures, with strong analytical and problem-solving ability sharpened through ACPC competitive programming. Passionate about enterprise systems, cloud technologies, and digital transformation. Seeking an IT Internship at Orange Egypt to contribute to real-world projects within a cross-functional, enterprise environment and grow as a software engineer through continuous learning.

## KEY ACHIEVEMENTS

- **GPA 3.4 / 4.0** in Computer Science at East Port Said National University.
- **Qualified for the ECPC** (Egyptian Collegiate Programming Contest) through ACPC contests.
- **Completed multiple technical certifications** across AI, backend development, and mobile development.

## EDUCATION

**East Port Said National University (EPU)** Expected Graduation: June 2027
*Bachelor of Computer Science — Faculty of Computers and Information, Cairo, Egypt* | *GPA: 3.4 / 4.0*
**Relevant Coursework:** Data Structures, Database Systems, Object-Oriented Programming, Software Design, Operating Systems, Computer Architecture, Computer Networks, Software Engineering.

## TECHNICAL SKILLS

**Programming Languages:** C++, Java, Python, JavaScript
**Backend Development:** Node.js, Express.js, REST APIs, RESTful API Design, CRUD Operations, JDBC
**Frontend Development:** React.js, HTML5, CSS3, Tailwind CSS
**Databases:** SQL Server, PostgreSQL, MySQL, MongoDB, SQL, Database Design
**APIs & Tools:** JSON, Postman, API Testing, NPM, Git, GitHub
**Platforms & Environment:** VS Code, Cursor, Figma, Maven, Vercel, Linux, Command Line
**Core Computer Science:** Data Structures, Algorithms, OOP, Problem Solving
**Methodologies:** Agile, Scrum, MVC, Layered Architecture, Clean Code

## PROJECTS

**HealthHub Clinic — Desktop Clinic Management System** | *Backend & Full-Stack Developer* GitHub
- Designed and built a scalable desktop application for managing patient records, doctors, appointments, and scheduling through a clean, intuitive interface.
- Applied OOP principles, JDBC, and a layered architecture with SQL Server Express, structuring relational schemas for real-world clinical workflows.
- **Tech:** Java 11, Swing, FlatLaf, SQL Server Express, Maven.

**Jadwalti — Smart Study Planner Web App** | *Full-Stack Developer* Live Demo | GitHub
- Developed a smart web app that auto-generates an optimized study plan from a student's subjects and exam dates.
- Improved usability through automatic study scheduling based on exam priorities, with a Pomodoro timer and distraction-free Focus Mode; deployed a responsive React frontend on Vercel.
- **Tech:** React.js, JavaScript, CSS, Vercel.

**SenseTechnology — Corporate Company Website** | *Backend Developer* Live Demo | GitHub
- Designed and implemented a scalable backend using Node.js and Express.js with modular routing and server-side rendering to support company services and dynamic content.
- **Tech:** Node.js, Express.js, JavaScript, HTML, CSS.

**Personal Portfolio — Modern Responsive Portfolio Site** | *Frontend Developer* GitHub
- Designed and developed a fully responsive personal portfolio with a soft-purple palette, glassmorphism effects, and smooth motion for a modern, professional aesthetic.
- **Tech:** HTML5, CSS3, JavaScript, Git/GitHub.

## CERTIFICATIONS

- **Artificial Intelligence Ambassadors Program** — National Telecommunication Institute (NTI), Apr 2026.
- **Backend Using Python** — Information Technology Institute (ITI), Aug 2025.
- **InnovEgypt Program** — Information Technology Industry Development Agency (ITIDA).
- **ICPC ECPC 2025 Qualifications** — Certificate of Achievement, Egyptian Collegiate Programming Contest.
- **Mobile Development with Flutter, Python Programming, and JavaScript (Fundamental to Advanced)** — Certificates of Completion.

## ACTIVITIES

- Solved algorithmic programming problems using C++ and participated in ACPC/ECPC contests, strengthening analytical thinking, teamwork, and problem-solving under time constraints.

## LANGUAGES

Arabic (Native) • English (Upper Intermediate — B2)
